

# The Cordell Winter Band

## Tech Rider

January 2023

The following document provides a generalized view of the current staging and technical requirements for *The Cordell Winter Band*. Every effort has been made to be as thorough as possible in the recommendations. However, the band realizes that venues may have substantially different backline setups and may require the band to provide their own equipment and/or backline. The band manager will review these requirements and/or venue staging prior to the gig to ensure the best show possible.

### Band Line-UP:

### Sound Technical Rider

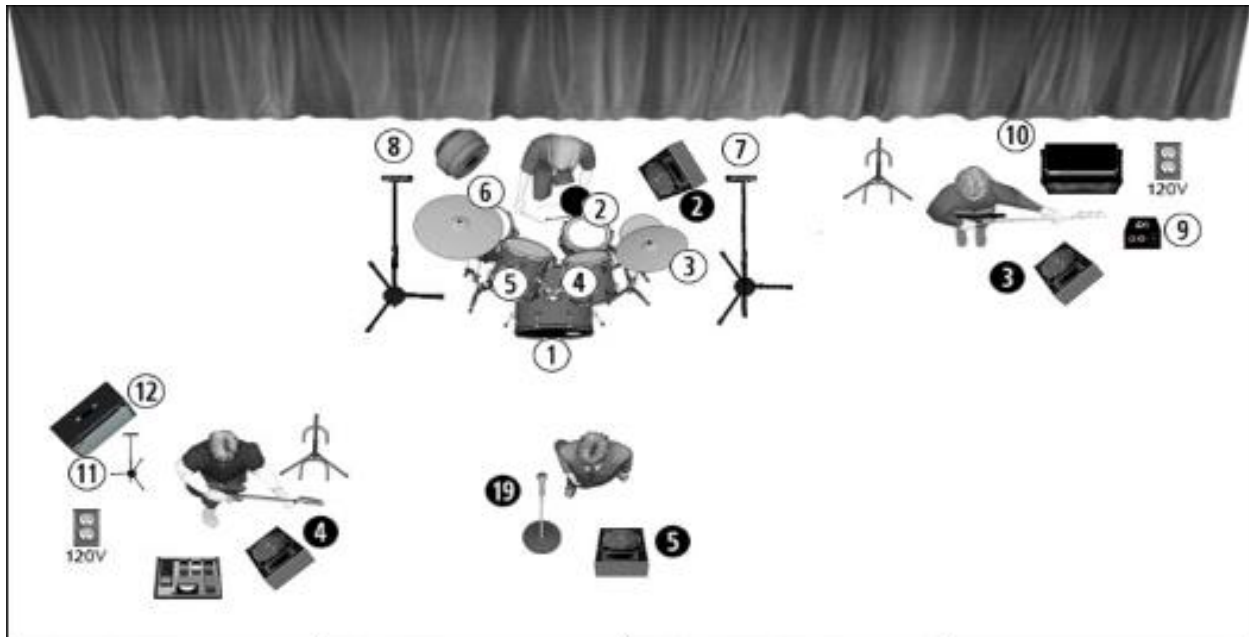

Instrument	Amp	DI	Mics (Refer to Patch List)
Lead Vocals	No	No	1 VOX
Bass	Yes	Yes	No
Lead Guitar	Yes	Yes	No
Percussion	No	No	Drum Mic Set

## Stage Layout:

1. Kick In (Beta91)	10. Bass AMP	19. Ethan VOX (SM58)	
2. Snare Top (SM7)	11. Guitar Stage R (SM57)	Aux 1. Joe	
3. Hi-Hats (SM81)	12. Guitar AMP	Aux 2. Matt	
4. Rack Tom 1 (Beta98)		Aux 3. Kai	
5. Rack Tom 2 (Beta98)		Aux 4. Miles	
6. Floor Tom (Beta98)		Aux 5. Ethan	
7. OH L (SM81)			
8. OH R (SM81)			
9. Bass (DI)			

## Monitor System:

1. Each band member requires a monitor wedge on stage
2. All aux sends need to be independently mixed from FOH console
3. If the venue provides an in-ear system, the band members supply their own custom IEM's

## House Sound System:

1. System should have sufficient amplification and speaker enclosures to cover the venue's capacity
2. System should have even coverage throughout the venue
3. System should be flown whenever possible or appropriately elevated
4. System should be configured in stereo with panning capability

## **FOH Sound Console:**

- 1. Good consoles to include Midas; Presonus; Behringer X32**
- 2. Console to have a minimum 32 channel inputs with 16 AUX sends for monitors and FX**
- 3. Console should be placed front center from the stage and a minimum 60ft from sound system**
- 4. If console Wi-Fi controlled by tablet, console should have a dedicated and secured router**
- 5. System should allow for instrument/vocal recording in WAV format**

## **Sound Check Miscellaneous:**

**The sound, stage and lighting systems must be fully operational prior to band load-in time.**

**Sound check will be scheduled prior to the opening of doors. It shall be limited to no more than one hour to facilitate a proper sound check. Only working personnel will be allowed in the venue during the sound check unless authorized by the band's representative.**

- \* No changes to the stage will be allowed after sound check**
- \* Production company shall have enough mic stands and cables for the band**
- \* Recording of the performance is permitted unless otherwise stated**

## **Input Patch List:**

<b>Channel</b>	<b>Instrument</b>	<b>Mic</b>	<b>Stand</b>
1	Kick Out	Beta 91	Small Heavy Base Stand
2	Snare Top	SM 7	Clamp
3	Hi-Hats	SM 81	Small Stand
4	Rack Tom 1	Beta 98	Clamp
5	Rack Tom 2	Beta 98	Clamp
6	Floor Tom	Beta 98	Clamp
7	Overheads Left	SM 81	Boom
8	Overheads Right	SM 81	Boom
9	Bass	DI BSS	N/A
10	Guitar Stage Right	SM 57	Small Boom
11	Ethan Lead Vox	SM 58	Straight Stand

**This technical rider is intended to act as a general guideline for questions regarding the requirements for a performance by the *The Cordell Winter Band*. In that context, we realize that each venue will have its own requirements and the band will, of course, adapt to those as recommended. Generally, this tech rider can act as a roadmap for the band's general performance requirements and/or direction for those venue requesting direction.**

**We thank you in advance for your consideration and will be happy to work with you to provide the best show possible for our fans and the audience.**
